SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

The Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia
U.S.A. 22313-1450

Dear Sir:

Re: United States Patent Application No. 10/771,152
Filed: February 4, 2004
Title: SYSTEM AND METHOD FOR MEASURING INTERNAL RESISTANCE
OF ELECTROCHEMICAL DEVICES
Applicant: Ravi B. Gopal and Norman Freeman

In accordance with 37 CFR 1.56 and 1.97, subject to the waiver of the requirements of 37 CFR 1.98(a)(2)(i) provided by the United States Patent and Trademark Office Notice dated August 5, 2003, applicant hereby submits an Information Disclosure Statement including a listing, on PTO form 1449, of all patents and other publications of which the applicant is aware that may be considered material to the patentability of its claimed invention.

The Examiner is advised, pursuant to provisions of 37 CFR 1.97(e) that each item of the information contained in the Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart for an application not more than three months prior to filing of this statement. In particular, the information was cited in the German Office Action of the corresponding German application, which was received by the undersigned on December 28, 2006.

U.S. Patent Nos. 6,392,386 and 4,833,459, and U.S. Patent Publication no. 2002/0025464, were located in an effort to find English-language references corresponding to the German-language references cited by the Examiner. However, no representation is made that these English-language documents exactly correspond to the German-language documents.
